

## KAHRAMANMARAŞ REHBERLİK VE ARAŞTIRMA MERKEZİ

The Kahramanmaraş Guidance and Research Center was established in 1984 as an affiliated institution of the National Education Directorate. First they started to work with the allocation of a small building department at the Westpark Health Education Center. Then in 1993, the Gaziler in Kayabaşı district continued to work in a small detached village of Primary School for the Hearing Impaired. In 2003, he continued his services in the detached building of the former İnönü Primary School in the present Fevzipaşa district. In November 2008, we moved to a detached building in Westpark where we will serve until 2016.

Until June of 2016, it moved to the new building of Dulkadiroglu district.
